# Tip Number 1

Read every night with your child

# Tip Number 2

Write in the Reading Diary each evening

# Tip Number 3

Help your child to become an independent reader

# Tip Number 4

How to help your child?

What to say?

# Tip Number 5

Let's start that sentence again and have another go...

# Tip Number 6

Ask questions about the book?

# Tip Number 7

Praise your child

# Tip Number 8

## Make the reading sound good!

Re-read favourite books

A second way parents can help develop fluency is to build a tall stack of books that your child can read quickly and easily. Encourage your child to reread favourite books over and over again. With each reading, you may notice your child reading a bit easier, a bit faster, and with a bit more confidence and expression.

# Tip Number 9

Familiar books are really good for developing comprehension

Hard books are really good for reading aloud

Books with just the right amount of challenge are good for learning on

# Tip Number 10

Read, read and read a bit more!
